## PRODUCT SPECIFICATION

|                   |                                                                                    |
|-------------------|------------------------------------------------------------------------------------|
| Product Name      | <a href="#">Zirconium(IV)isopropoxide</a>                                          |
| Product Code      | ZR1984                                                                             |
| CAS Number        | 2171-98-4                                                                          |
| Molecular formula | ZrC <sub>15</sub> H <sub>36</sub> O <sub>5</sub>                                   |
| Linear formula    | Zr(C <sub>3</sub> H <sub>7</sub> O) <sub>4</sub> *C <sub>3</sub> H <sub>7</sub> OH |
| Molecular weight  | 387.67                                                                             |
| Sensitivity       | moisture                                                                           |

| TEST               | SPECIFICATION         |
|--------------------|-----------------------|
| Assay (purity)     | 99.9%                 |
| Purity method      | by elemental analysis |
| Metal purity       | 99.9%-Zr              |
| Appearance         | white crystals        |
| Elemental analysis | %C=45.3-47.6          |
| NMR                | conforms to structure |

For available packaging options or alternative purify grades please contact our technical services.
